(C. & S.B.) Office Notes

Sir,

With reference to the attached, at 6 p.m. on the 3-11-31 I was instructed that the staff of this Section could take one half day each on either Monday, Tuesday or Wednesday, providing that someone remained in the office.

afternoon only.
9/11/31.

On the 3-11-31 there was too much work in hand for anyone to leave the office, therefore I informed D.P.S. Ewins that he could take the next afternoon, Wednesday, and if all the urgent work was finished I would stay in quarters during the morning where I would be if wanted.

The above arrangements were made to suit the Section and its work and were accordingly carried out on the belief that they were in compliance with instructions.
